Warrant for Town Meeting

(L. S.) THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Grafton in the County of Grafton, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Grafton on Tuesday, the 10th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

Polls to close at four o'clock in the afternoon.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the report of the Budget Committee and act thereon.

4. To see if the Town will vote to authorize the Selectmen to make short term loans in anticipation of taxes.

5. To see what action the Town will take in regard to the purchase of a truck for Highway purposes and appropriate money for the same.

6. To see what sum of money the Town will vote to raise and appropriate for the purpose of maintaining Highways and Bridges, including the amount of one-fourth of one per cent.

7. To see what sum of money the Town will vote to raise and appropriate for the purpose of cutting bushes.

8. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by Tax Collector's deed.

9. To see if the Town will vote to raise and appropriate \$700.00 to continue street lighting.

10. To see if the Town will vote to raise and appropriate the sum of \$600.00 for tractor repairs.

11. To see if the Town will vote to raise and appropriate the sum of \$25.00 for the care of the Common at Grafton Center.

12. To see if the Town will vote to raise and appropriate the sum of \$806.46 and thereby receive \$5,376.37 from the State for Town Road Aid.

13. To see what sum of money the Town will vote to raise and appropriate for the control of White Pine Blister Rust in cooperation with the Forestry and Recreation Department for the current year.

14. To see if the Town will vote to raise and appropriate \$1,400.00 for payment on Long Term Grader note and interest on same.

15. To see what sum of money the Town will vote to raise and appropriate for the observance of Old Home Day.

REPORT OF VOLUNTEER FIRE DEPARTMENT

The Fire Department had a very quiet year with the exception of the total loss of the McPherson place which was destroyed by fire in the early morning hours. The Fire Department learned of the blaze the following morning—too late to be of any assistance.

Nothing has been done to the fire house in the past year. We do, however, anticipate completing the ceiling in the near future.

I would like to caution home owners to be extra careful of accumulating rubbish around your buildings and old newspapers are inflammable materials in your attics. These things are a constant fire hazard and should receive your careful attention. Don't fail to call us if you have a fire, even though it is a small one.

LESLIE E. SEAMANS,

Chief Vol. Fire Department.

Superintendent's Report

Now that there is a lull in material gains in the form of buildings it might be well for us to take "time out," catch our breath for a second, and review what we believe are the basic aims of education in Supervisory Union No. 4, what has been done, and what might be done. We should preface this by saying that there is wide disagreement in the basic educational philosophies of those engaged in education and real differences in operating methods. Rather than be alarmed about this we should consider it a very wholesome occurrence for when people cease to disagree intelligently democracy disappears. The preservation of democracy and all it signifies is a primary aim of our education. We must watch attempts under the guise of democracy to foment unreasonable differences of opinion in order that subversive elements may assume command once these differences have so weakened our morals that internal conquest becomes easy. There are many ways of doing this.

We spend most of our efforts in this school union teaching fundamentals in the tool subjects in elementary

grades with much emphasis on reading skills. In spite of contrary opinion we go on record as saying that we are doing a good job as a whole, and we have many **excellent** results. Every year some nationally standardized achievement tests are given, the Metropolitan last year. In only one subject taking the nine towns together did we have an average score below national standards. That was 5th grade spelling with .2 of a year below, largely due to one very poor grade in a small school. Our average in reading was .2 to a full grade above with some individual grades being two to three grades above. To cite more would serve little purpose but to summarize let us say we know where we stand and others guess about it. Furthermore we take conscious steps to improve the weak spots.

Teaching fundamentals and tool subjects is, however, only one aim of education whose real object is to teach the individual to live a better life in the world of today and tomorrow. It is when we get into this problem that we get into serious differences. How should we teach democratic living? Let the pupils run the school? Some might say "Yes, to a large degree." I happen to say "No." This illustrates the point I believe. Hitting at this type of thing from another angle we may raise the question: "How much individual help does the child receive in school?" We all believe this to be important today. Can we do it with a first grade of 40 babies? Should we teach pupils to work and play together? Most people would say yes but might not agree that square dancing is a good method. "Should a child be given aid to like good music and art?" Yes, would be given most of the time. How well can this be done without teachers skilled in teaching appreciation of fine things, in part by actual participation? "Should religion be taught in schools?" will start a mental massacre among otherwise intelligent people. Certain it is that much Christian living can be, and is being taught, by

teachers everyday without teaching any creed. This could go on forever but let's end this by asking ourselves how well are we doing in teaching each individual child all he can absorb in all things he may need as a good citizen living an enriched life in a world where a boy may be required to swap deer hunting in the hills of New Hampshire for a different quarry in hills on the other side of the world. Is the education of the rural school of 50 years ago and the high school curriculum of that time, "More Latin and less Greek," good enough or is the type of education of previous generations to be held responsible for the problems facing the children of today?

Only two of my nine towns have the services of a music supervisor, none has an art instructor, only one has expert handwriting supervision, none has a kindergarten, none has a physical education instructor, and none has a specialist in remedial reading. There is no thought of complaint in the above statement but rather proof of the fact that we are offering barely the most minimum education possible. I believe the pupils, your children, could profit by some of these which will be found in really modern schools where the cost of education is not borne completely—practically speaking—by the property tax.

Any school administrator must be an idealist to keep really alive but he must be practical too. Education costs money taking the bigger part of the tax assessment in most cases in spite of our low salaries to teachers. A school executive must be practical in the situation he faces. An enriched course of study is apt to mean more money, and so do flush toilets, and school lunch programs. I happen to believe that state aid must be given in quantities sufficient so that the property tax assessment may be lowered while improving educational opportunities for our children. If and when this is done it must be done in such a manner that we can know in ad-

vance how much each district will receive. It takes more courage than we have to ask for expensive items knowing the communities as we do. We could make plans programmed over a period of years if we were sure of state aid of sufficient amounts. No one is hurt by the present amounts of aid cut to 48% due to lack of state funds except the children of the state, and I'm particularly interested in those of my nine towns. As long as gets are passed I can not recommend to local boards action to improve our educational system if it involves one penny of state aid. We'll use what we get to reduce the property tax assessment.

Grafton did not qualify this year for state aid due to the interplay of a local decreasing school population and a state-wide increase. Three more elementary pupils would have qualified Grafton for a few dollars. With our school enrollments of a few years ago we would have qualified for about \$5,000. This is certainly an unfortunate circumstance but we are powerless to do anything about it. Anticipating a cut in aid we estimated \$1000 to be received which means at the moment that we will be that much short in our current funds. Due to a balance at the end of the year and an expected balance in the high school tuition item it looks at this moment in December as though we would not need a deficiency in the spring. The figuring is however very, very, close and it may be that at the end of the year we will be short a small amount. We hope not for that would cut next year's operating budget by that amount. The only possible leeway in our budgets is in high school tuition where we figure every pupil as attending high school. A shift of pupils, failure to attend, and conversely, new pupils change actual payments. Usually we have some money in this item to be used for emergencies or to show as a balance. Under publicly stated policies of both parties on taxes we do not expect to receive any state aid for Grafton for the next two years. It looks

as though next year would be the peak of our high school tuitions until the present fifth grade composed of 12 pupils goes to high school. We have had shifting school population in Grafton during the last 7 years. Pre-school census shows no anticipated increases.

Grafton needs very badly flush toilets as mentioned in previous reports. To ask for money this year when we have lost all state aid calls for more courage than we have had. Money should be provided and set aside each year until this sum becomes large enough to do a satisfactory piece of work. With flush toilets and the necessary related changes the East School would provide an adequate plant for several years in so far as it is possible to predict.

Respectfully submitted,

C. MAURICE GRAY
